Engine Oil - change Engine Oil Filter - replace Engine Coil Filter - repla	Miles (in thousands)	10/30/50/70/90	20/40/60/80/100
Engine Oil Filter - replace Engine - check for leaks Cooling System - check level, add if necessary Exhaust System - check for damage, leaks Engine OBD - check memory, purge Door Hinge Mechanisms - lubricate Battery - check electrolyte, add if necessary Mupper/Washer - check full, add if necessary Automatic Shift Lock - check Manual Transmission - check shift and interlock Manual Transmission - check shift and interlock Tries & Spare - check condition, pressure Service Reminder Display - reset Fork System - check Drive Shaft Boots - check boots Road Test Lights - check Front Axle - check dust seals, ball joints, tie rod ends Automatic Transmission - check for leaks Automatic Transmission - check for leaks Manual Transmission - check for leaks Manual Transmission - check for leaks Manual Transmission Final Drive - check for leaks Manual Transmission Fin	Kilometers (in thousands)	16/48/80/112/144	32/64/96/128/160
ingine Oil Filter - replace ingine - check for leaks ingine - check for damage, leaks ingine Oil Filter - replace oil Filter oil F			
Engine – check for leaks Cooling System – check for damage, leaks Engine OBD – check memory, purge Door Hinge Mechanisms – lubricate Stattery – check electrolyte, add if necessary Miper/Washer – check fullid, add if necessary Mutomatic Shift Lock – check Manual Transmission – check shift and interlock May A, A5, 56, Allowad and TT only Mark and TT only Mutomatic Transmission – check choots Manual Transmission – check for leaks Manual Transmission – check does only Dustr/Pollen Filter – replace Headlights – inspect, adjust if necessary Mark and 80x cnty Mark	•		
Cooling System - Check level, add if necessary Exhaust System - Check for damage, leaks Ingine OBD - Check memory, purge Door Hinge Mechanisms - lubricate Battery - Check electrolyte, add if necessary Wiper/Washer - Check Midd if necessary Automatic Shift Lock - Check Manual Transmission - check shift and interlock Fires & Spare - Check condition, pressure Service Reminder Display - reset Brake System - Check Drive Shaft Boots - Check boots Provice Shaft Boots - Check boots Road Test Djufts - Check Front Axle - Check dust seals, ball joints, tie rod ends Automatic Transmission - Check for leaks Automatic Transmission - Check for leaks Manual Transmission - Check for leaks Manual Transmission - Check for leaks Manual Transmission Final Drive	•	•	
Exhaust System - check for damage, leaks ingine 08D - check memory, purge Door Hinge Mechanisms - Lubricate Battery - check electrolyte, add if necessary Wiper/Washer - check fulid, add if necessary Wiper/Washer - check fulid, add if necessary Wiper/Washer - check shift and interlock Manual Transmission - check shift and interlock Manual Transmission - check shift and interlock Battery - check condition, pressure Brake System - check Brake System - check Doots Brake System - check Brake System - check boots Brake System - check boots Brake System - check Brake System - check for leaks Automatic Transmission - check for leaks Automatic Transmission - check for leaks Manual Transmission - check	•		
Engine OBD – check memory, purge Door Hinge Mechanisms – lubricate Stattery – check electrolyte, add if necessary Wiper/Washer – check fluid, add if necessary Automatic Shift Lock – check Manual Transmission – check shift and interlock Tires & Spare – check condition, pressure Service Reminder Display – reset Brake System – check Drive Shaft Boots – check boots Road Test Lights – check douts teals, ball joints, tie rod ends Automatic Transmission – check for leaks Automatic		_	
Door Hinge Mechanisms – lubricate Stattery – check electrolyte, add if necessary Automatic Shift Lock – check Might and interlock Wanual Transmission – check shift and interlock Wanual Transmission – check condition, pressure Service Reminder Display – reset Strake System – check Worker Shaft Boots – check boots Road Test Worker Shaft Boots – check for leaks Automatic Transmission – check for leaks Automatic Transmission – check for leaks Automatic Transmission – check for leaks Wanual Transmission – check	5 .		-
Automatic Shift Lock – check Manual Transmission – check filtid, add if necessary Manual Transmission – check shift and interlock Marke System – check condition, pressure Marke System – check Drive Shaft Boots – check boots More Shaft Boots – check boots More Shaft Boots – check boots Manual Transmission – check for leaks Mutomatic Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission Final Drive – check for leaks Manual Transmission			
Miper/Washer - check fluid, add if necessary Automatic Shift Lock - check Manual Transmission - check shift and interlock Irres & Spare - check condition, pressure Service Reminder Display - reset Service Reminder Display - reset Sorvice Shaft Boots - check boots Soad Test Jights - check John - check dust seals, ball joints, tie rod ends Automatic Transmission - check for leaks Automatic Transmission Final Drive - check for leaks Manual Transmission - check for leaks Manual Transmission - check for leaks Manual Transmission - check for leaks Manual Transmission - check for leaks Manual Transmission - change Air Hallow - check for leaks Manual Transmission - change Air Hallow - check for leaks Manual Transmission - change Air Hallow - check for leaks Manual Transmission - change Air Hallow - change oil and filter Jower Steering Fluid - check, add if necessary Jourt / Pollen Filter - replace Headlights - inspect, adjust if necessary Jourt / Colean, Lubricate rails Air Cleaner - replace filter element Joan - Clean, Lubricate rails Air Cleaner - replace Ilming Belt - inspect, adjust if necessary Journal Air	•		-
Automatic Shift Lock – check Manual Transmission – check shift and interlock Manual Transmission – check contition, pressure Prive Shaft Boots Road Test Road System – check Road Test Road Tes	• • • • • • • • • • • • • • • • • • • •	· ·	
Manual Transmission – check shift and interlock AA, A6, 56, Altroad and TT only Brake System – check condition, pressure Brake System – check Drive Shaft Boots – check boots Road Test Lights – check Drive Shaft Boots – check dust seals, ball joints, tie rod ends Automatic Transmission – check for leaks Automatic Transmission Final Drive – check for leaks Manual Transmission Final Drive – check for leaks Manual Transmission – check for leaks Manual Transmission in Lights – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission final Drive – check for leaks Manual Transmission – che	•	•	
Fires & Spare – check condition, pressure Service Reminder Display – reset Service Reminder Display – reset Strake System – check Drive Shaft Boots – check boots Road Test Lights – check Front Axle – check dust seals, ball joints, tie rod ends Automatic Transmission – check for leaks Automatic Transmission Final Drive – check for leaks Automatic Transmission Final Drive – check for leaks Manual Tran		•	•
Service Reminder Display – reset Brake System – check Drive Shaft Boots – check boots Road Test Lights – check Lights – check dust seals, ball joints, tie rod ends Automatic Transmission – check for leaks Automatic Transmission Final Drive – check for leaks Manual Transmission – thange ATF Haldex Clutch – change oil and filter Power Steering Fluid – check, add if necessary Usust/Pollen Filter – replace Headlights – inspect, adjust if necessary Manual Transmission – check for leaks AA, A6, 56, Altroad, A8 and 58 Air Cleaner – replace filter element Spark Plugs – replace* Ribbed Belt – replace Iming Belt – inspect** Front Sunroof Drains (where applicable) – open sunroof to check front water drains and clean if necessary (U.S. only) Plenum Panel – remove cover for plenum panel to check water drains and clean Age and 80K only Ag		A4, A6, S6, Allroad and TT only	
Brake System – check Drive Shaft Boots – check boots Road Test Lights – check Front Axle – check dust seals, ball joints, tie rod ends Automatic Transmission – check for leaks Automatic Transmission – check for leaks Automatic Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – check for leaks Manual Transmission – change ATF Haldex Clutch – change oil and filter Power Steering Fluid – check, add if necessary Dust/Pollen Filter – replace Headlights – inspect, adjust if necessary Sliding Roof – clean, lubricate rails Air Cleaner – replace filter element Spark Plugs – replace* Alk and 80K only Spark Plugs – replace Will and 80K only Spark Plugs – replace Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only Spark Plugs – replace (Alk and 80K only (Alk and 80K	ires & Spare – check condition, pressure	•	
Orive Shaft Boots - check boots Road Test Lights - check Lights - check Lights - check dust seals, ball joints, tie rod ends Automatic Transmission - check for leaks Manual Transmission - check for leaks Manual Transmission Final Drive - check for leaks Multitronic™ Transmission - change ATF 4 dok and 80k only on A4, A6, 56, Allroad and TT only Power Steering Fluid - check, add if necessary Doust Pollen Filter - replace Headlights - inspect, adjust if necessary Liding Roof - clean, lubricate rails Air Cleaner - replace filter element Spark Plugs - replace filter element Spark Plugs - replace* # dok and 80k only Blobed Belt - replace # dok and 80k only Blobed Belt - replace # dok and 80k only # do	• •	•	•
Road Test Lights - check Front Axle - check dust seals, ball joints, tie rod ends Automatic Transmission - check for leaks Automatic Transmission Final Drive - check for leaks Manual Transmission Final Drive -	Brake System - check	•	•
Lights – check Front Axle – check dust seals, ball joints, tie rod ends Automatic Transmission – check for leaks Automatic Transmission Final Drive – check for leaks Automatic Transmission Final Drive – check for leaks Automatic Transmission Final Drive – check for leaks Manual Transmission – check for leaks Manual Transmission Final Drive – check for leaks Manual Transmission Final Drive – check for leaks Multitronic™ Transmission – change ATF Haldex Clutch – change oil and filter Obust/Pollen Filter – replace Headlights – inspect, adjust if necessary Districted Filter – replace Holdiding Roof – clean, lubricate rails Air Cleaner – replace filter element Spark Plugs – replace filter element Spark Plugs – replace # 40K and 80K only # 40K an	Drive Shaft Boots – check boots	•	•
Automatic Transmission – check for leaks Automatic Transmission Final Drive – check for leaks Automatic Transmission Final Drive – check for leaks Manual Transmission – change Allroad and Tronly Automatic Transmission – change Allroad and Tronly Automatic Transmission – check for leaks Manual Transmission final Drive – check for leak	Road Test	•	•
Automatic Transmission – check for leaks Automatic Transmission Final Drive – check for leaks Manual Transmission final Drive – check for and Trans Manual Transmission final Drive – check for laks and S8 Manual Transmission final Drive – check for leaks Manual Transmission final Drive – check f	.ights – check	•	•
Automatic Transmission Final Drive – check for leaks Manual Transmission Final Drive – check for leaks Manual Transmission final prive – check for AA, AB, 65, 6, Altroad, AB and Transpitation of AA, AB, AB, AB, AB, AB, AB, AB, AB, AB,	Front Axle – check dust seals, ball joints, tie rod ends		•
Manual Transmission – check for leaks Manual Transmission – check for leaks Multitronic™ Transmission – change ATF Multitronic™ Transmission – change ATF Maldex Clutch – change oil and filter Ower Steering Fluid – check, add if necessary Oust/Pollen Filter – replace Meadlights – inspect, adjust if necessary Miltitronic™ Transmission – check for leaks Mir Cleaner – replace Make and 80K only Make an	Automatic Transmission – check for leaks		•
Manual Transmission Final Drive – check for leaks Multitronic TM Transmission – change ATF Haldex Clutch – change oil and filter Power Steering Fluid – check, add if necessary Dust/Pollen Filter – replace Headlights – inspect, adjust if necessary Multitronic Transmission – change oil and filter Power Steering Fluid – check, add if necessary Multitronic Transmission – change oil and filter Power Steering Fluid – check, add if necessary Multitronic Transmission – change ATF Multitronic Transmission – change Atlanda Allivad Allivad Allivad Atlanda Allivad Allivad Atlanda Allivad Allivad Atlanda Allivad Allivad Allivad Allivad Atlanda Allivad A	Automatic Transmission Final Drive – check for leaks		 40K, 80K and 100K only on A4, A8 and S8; 20K, 40K, 60K, 80K and 100K for A6, S6 and Allroad
Multitronic TM Transmission - change ATF Haldex Clutch - change oil and filter Dower Steering Fluid - check, add if necessary Dust/Pollen Filter - replace Headlights - inspect, adjust if necessary Sliding Roof - clean, lubricate rails Air Cleaner - replace filter element Spark Plugs - replace* House and 80K only House and 80K only on A4, A4 Ayant, A4 Cabriolet, A6K and 80K only House and 80K only on A4, A4 Ayant, A4 Cabriolet, A6K and 80K only House and 80K only on A4, A4 Ayant, A4 Cabriolet, A6K and 80K only House and 80K only on A4, A4 Ayant, A4 Cabriolet, A6K and 80K only House and 80K only on A4, A4 Ayant, A4 Cabriolet, A6K and 80K only on A4, A4 Ayant, A4 Cabriolet, A6K and 80K only on A4, A6K and 80K only	Manual Transmission – check for leaks		A4, A6, S6, Allroad and TT only
Haldex Clutch - change oil and filter Dower Steering Fluid - check, add if necessary Dust/Pollen Filter - replace Headlights - inspect, adjust if necessary Siding Roof - clean, lubricate rails Air Cleaner - replace filter element Day A. A. A. S. S. Altroad, AB and SB Air Cleaner - replace filter element Day A. W. A. A. S. S. Altroad, AB and SB Air Cleaner - replace filter element Day A. A. A. S. S. Altroad, AB and SB Air Cleaner - replace Day A. A. A. S. S. Altroad, AB and SB Air Cleaner - replace Day A. A. A. S. S. Altroad, AB and SB Air Cleaner - replace Day A. A. A. S. S. Altroad, AB and SB Day A. A. A. S. S. Altroad, AB and SB Day A. A. A. S. S. Altroad, AB and SB Day A. A. A. S. S. Altroad, AB and SB Day A.	Manual Transmission Final Drive – check for leaks		 A4, A6, S6, Allroad and TT only
Power Steering Fluid – check, add if necessary Dust/Pollen Filter – replace Headlights – inspect, adjust if necessary Siding Roof – clean, lubricate rails Air Cleaner – replace filter element Spark Plugs – replace* Sibbed Belt – replace Timing Belt – inspect* Toront Sunroof Drains (where applicable) – open sunroof to check front water drains and clean if necessary (U.S. only) Plenum Panel – remove cover for plenum panel to check water drains and clean ### Advant Above only on A4, A6, S6, Allroad, A8 and S8 ### Advant A6 Cabriolet, ### Advant A6 C	Multitronic™ Transmission – change ATF		40K and 80K only on A4, A6, S6 and Allroad
Dust/Pollen Filter – replace Headlights – inspect, adjust if necessary Sliding Roof – clean, lubricate rails Air Cleaner – replace filter element Spark Plugs – replace* Air Cleaner – replace Spark Plugs – replace Spark Plugs – replace Source – volume spark element Spark Plugs – replace Source – volume spark element Source – volume s	Haldex Clutch – change oil and filter		■ TT only
Dust/Pollen Filter – replace Headlights – inspect, adjust if necessary Sliding Roof – clean, lubricate rails Air Cleaner – replace filter element Spark Plugs – replace* Air Cleaner – replace Spark Plugs – replace Spark Plugs – replace Source – volume spark element Spark Plugs – replace Source – volume spark element Source – volume s	Power Steering Fluid – check, add if necessary		40K and 80K only
A 4, 46, 56, Altroad, AB and 58 Air Cleaner – replace filter element Spark Plugs – replace* Air Cleaner – replace 40K and 80K only 40K and 80K only 80K only on A4, A6, 56, Altroad, AB and 58 Front Sunroof Drains (where applicable) – open sunroof to check front water drains and clean if necessary (U.S. only) Plenum Panel – remove cover for plenum panel to check water drains and clean 40K and 80K only on A4, A4 Ayant, A4 Cabriolet, A6 Ayant, A6 Ayant, A6 Cabriolet, A6 Ayant, A6 Cabriolet, A6 Ayant, A6 Ayant, A6 Ayant, A6 Cabriolet, A7 Ayant, A7 Ay	Oust/Pollen Filter – replace		•
A4, A6, 56, Altroad, A8 and 58 Air Cleaner – replace filter element Approx Plugs – replace* Abox and 80K only Abox and 80K only Abox and 80K only Box and 80K only Box and 80K only Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A4 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4 Cabriolet, Abox and 80K only on A4, A6 Ayant, A4	leadlights – inspect, adjust if necessary		•
Air Cleaner – replace filter element Spark Plugs – replace* Air Cleaner – replace filter element Air Cleaner – replace filter element Author Cleaner – replace filter element Author Cleaner – replace filter element Author Cleaner – replace filter element Both and 80K only Both only on A4, A6, S6, Allroad, A8 and S8 Author Cleaner filter element Both and 80K only Both and 8	• • •		 A4, A6, S6, Allroad, A8 and S8
Spark Plugs – replace* # A0K and 80K only # B0K only on A4, A6, S6, Allroad, A8 and S8 # Front Sunroof Drains (where applicable) – open sunroof to check front water drains and clean if necessary (U.S. only) Plenum Panel – remove cover for plenum panel to check water drains and clean # A0K and 80K only on A4, A4 Ayant, A4 Cabriolet, A4 Ayant, A4 Ayant, A4 Cabriolet, A4 Ayant,	•		40K and 80K only
Ribbed Belt – replace 80K only on A4, A6, S6, Allroad, A8 and S8 40K and 80K only 40K and 80K only 40K and 80K only 40K and 80K only 10 40K and 80K only 10 40K and 80K only 10 40K and 80K only on A4, A4 Ayant, A4 Cabriolet, A6 Ayant, A6 Ayant, A6 Ayant, A6 Cabriolet, A6 Ayant, A6 Ayant, A6 Ayant, A6 Ayant, A6 Cabriolet, A6 Ayant, A7 Ayan	·		40K and 80K only
### dok and 80K only ### dok and 80K only only on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet, ### dok and 80K on A4, A4 Namit, A4 Cabriolet			80K only on A4, A6, S6, Allroad, A8 and S8
Front Sunroof Drains (where applicable) – open sunroof to check front water drains and clean if necessary (U.S. only) Plenum Panel – remove cover for plenum panel to check water drains and clean 40K and 80K only on A4, A4 Ayant, A4 Cabriolet, A4 Ayant, A4 Cabriolet, A4 Ayant, A4 Cabriolet, A4 Ayant, A4	·		
Plenum Panel – remove cover for plenum panel to check water drains and clean 40. Ke Alle August SC August DEC AR and SD.	Front Sunroof Drains (where applicable) – open sunroof to check front water drains		■ 40K and 80K only
	Plenum Panel – remove cover for plenum panel to check water drains and clean		40K and 80K only on A4, A4 Avant, A4 Cabriolet, A6, A6 Avant, S6 Avant, RS6, A8 and S8

Cloth Top - check rollover function every 2 years, regardless of mileage.

At 105K miles: check Ribbed Belt on A4 (1.8T and 3.0L), A6 (3.0L) and TT; replace Timing Belt on A4 (1.8T and 3.0L), A6 and S6 (3.0L and 4.2L), A8, S8 and TT; replace Timing Belt and Tensioner Roller on S4 (2.7L), A6 and Allroad (2.7L).

*Except Allroad 4.2L – replace Allroad 4.2L at 60K miles.

**A4 1.8L and TT 1.8L every 40,000 miles.
